ennio Bubble-Net
TM PATENTED

Package your products with confidence.
Your ennio quality guarantee.

ennio's exclusive Bubble-Net can be used with virtually all smoked meat products.

Bubble-Net is available in a range of patterns such as square, honeycomb and diamond in original or clear finish with or without elastic.

Product Benefits

- Exerts enormous pressure - no air pockets, improved sliceability
- Leaves deep, attractive indentations without peeling problems
- Improved sliceability
- Excellent smoke penetration
- Retains moisture without use of expensive protein foil
- Tender, more juicy bite
